Immediate opening at H&T Battery Components Waterbury for an Electrician

Description:

We are looking for a skilled team player to join our Maintenance Team. This person in this position will be tasked to perform a variety of duties to install, modify and repair machinery and building electrical systems.

If this description fits your experience, skillset and interests, your job responsibilities to include:

- Perform general electrical maintenance such as complex repair of relay circuits, and electronic control systems.
- Perform work requiring a thorough knowledge of electrical theory and principles, statutory codes, properties of materials and principles of operation of electrical equipment.
- Work with mechanics to troubleshoot problems regarding circuits, electronic devices and systems. Service electrical and electronic equipment by checking, testing, and replacing faulty components, circuits, printed circuit boards and similar devices.
- Review wiring diagrams, schematics, specifications and instructions to perform emergency and scheduled repairs, installations and electrical inspections.
- Lay out and build panels for machine rebuilding/rewiring with use of hardwired and programmable equipment using a variety of AC/DC drives, analog devices, switches, PLC's and electrical controls.
- Maintain knowledge of operating procedures for all processes that allow for activation and shut down of equipment in accordance with company safety procedures and compliance with OSHA requirements.
- Install, repair and maintain communication cables and power distribution cables, including panel mounting and conduit runs. Inspect and repair emergency and exit lights.
- Advise and caution operators and mechanics about potential electrical programs and inherent dangers involved.
- Notify supervisor of potentially dangerous electrical equipment. Document problems and take appropriate corrective action.
- Follow all company policies, procedures, safety rules and regulations. Maintain updated training in Lock-out/Tag-out, Welding and Cutting Safety, Confined Space Entry and Fall Protection.

Qualifications:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily.

Benefits:

- Medical, Dental & Vision Insurance (DOH)
- Health Reimbursement Arrangement
- Flexible Spending Account
- Short & Long Term Disability
- 401k & Profit Sharing
- Tuition Reimbursement Program
- Paid Vacations & 10 Paid Holidays
- Life Insurance
