Immediate opening at H&T Battery Components Waterbury for a IT Manager

Description:

H&T Waterbury is looking for a qualified team player to join our IT Team. The person in this role is responsible for coordinating, planning, and leading computer-related activities at H&T Waterbury (HTW). The IT Manager will help determine the IT needs of the organization and is responsible for implementing and maintaining computer systems to fulfill the organization's information systems requirements. If this description fits your skills and interest, your job responsibilities will include:

- Maintain and update an IT vision and set of strategies that provide continuous improvement to the IT environment at HTW.
- Educate through communication at HTW how digital tools can be an asset in bringing benefits to customers and their supporting value streams. Sell the vision and build support.
- Oversee the daily functioning of the IT environment at HTW including network and help desk support.
- Project manage major undertakings in a disciplined, proactive manner.
- Install, support and maintain new desktop & server hardware and software infrastructure
- Provide desktop support of hardware, operating system and peripherals.
- Ensure that IT system architecture and equipment complies with H&T Group standards where applicable.
- Perform routine preventative measures and implement, maintain and monitor network security.
- Provide training and technical support for users with varying levels of IT knowledge and competence;
- Work closely with other departments/organizations and collaborate with Group & Division IT colleagues;
- Participate in H&T Group & Division IT efforts to establish strategies and standards in relation to the IT environment.

Qualifications:

- Bachelor of Science in Information Technology or related discipline.
- 5-7 years of progressive experience in IT, with proven skills in establishing and implementing an IT strategy.
- Excellent interpersonal skills, capable of working with the end user community at all levels within the Company.
- Ability to work in a fast paced environment essential.
- Project management skills
- Must be a highly resourceful problem solver.

Benefits:

- Medical, Dental & Vision Insurance (DOH)
- Health Reimbursement Arrangement
- Flexible Spending Account
- Short & Long Term Disability
- 401k & Profit Sharing
- Tuition Reimbursement Program
- Paid Vacations & 10 Paid Holidays
- Life Insurance
